Quality control system of the publication

In order to guarantee the highest quality of the works that are going to be published, Bitácora Millennium DIPr. It has a double rigorous quality control:

- In the first instance, the scientific organ of the Bitácora (v. Functions of the Editorial Board) once received the works will proceed to accept or reject them, taking into account the subject and its adaptation to the objectives of the Millennium DIPr Journal.

- In a second moment, the accepted originals will be submitted to an evaluation process by "blind peers", at the same time and anonymously, and an additional report may be requested if deemed appropriate.

The external evaluators will be independent professionals, and their names will be published annually in order to guarantee maximum transparency in the process of admission and evaluation of originals.

The list of experts of recognized prestige who collaborate selflessly with the Journal as evaluators of the scientific quality of the scientific articles that are published, is available in: http://www.millenniumdipr.com/ba-47-comite-evaluador-de-la-calidad-cientifica

The system for reviewing contributions may lead to the acceptance without suggestions, acceptance subject to revision or correction, or outright rejection

The authors will be informed of the result of the evaluation process and will be able to send, if they wish, the observations or suggestions that they deem appropriate to the evaluators after knowing their reports.

Instructions for authors:

The articles must be original. Interest, legal rigor, relevance and connection with practice will be valued. To guarantee the quality of the publication, a system of selection of originals submitted for review by external reviewers to the Journal is articulated, according to the system of "blind pairs", which ensures the anonymity of the author and the reviewer.

The receipt of the works will be acknowledged within 7 days. Based on the reports prepared by the external evaluators, the author will be informed, within one month, except in exceptional circumstances, whether or not his contribution is accepted for publication.

Millennium Blog DIPr. does not charge fees for publication or for article processing (APC).
